Dated 31st August 1893.
Despatched 2nd September 1893.

Sir,

With reference to your docket No. 397/25-71 dated 9th June 1893, desiring me to forward my explanation for submission to Government as to why I failed to attend three consecutive meetings of the Municipal Board as noted in the margin, I have the honor to state that it was rather a surprise to me to be told that I was absent for three consecutive meetings of the board, while the real facts of the case, as will be seen from the sequel, would tend to show that I could not be considered under the circumstances to have

'hird ------ 2nd May 1893.

have been absent for the second meeting held on the 11th April 1893, and therefore could not be called upon to submit any explanation on the matter.

The first meeting referred to in the margin was held on the 14th of March Tuesday morning, at 8 A.M.; and as the High School had also to held in the morning from 7 to 11 A.M. for the hot weather, I could not attend that meeting being otherwise engaged. The second meeting was announced by a notice, previously circulated to be held on the 11th of April 1893 at 5 P.M. in the Taluq Kutcherry; and I was present there about five minutes before the appointed time. Some Commissioners waited for the arrival of the Vice President (the President being absent from the station) for a quarter of an hour, and then left the place. I waited for nearly three-fourths of an hour after the appointed time, and then left the Taluq Kutcherry, leaving word with the other Municipal Commissioners that they should kindly inform the Vice President if he chanced to come there afterwards that I was waiting for him till then. I was

subsequently assured by one or two of my brother Commissioners that, on the arrival there of the Vice President at 6 P.M. or so, he was informed of what had transpired. Inspite of this my name happens to be noted down amongst the absentees. For the third meeting, I could not be present owing to a little inconvenience at home.
